Professional Body

 A professional order is a body designated by law and to which the State delegates the power to regulate access to and the practice of a profession in order to guarantee the competent and honest performance of the risky activities that characterize it. This body is composed of the members of the profession and they direct it through an elective mechanism. Subject to the control of the Board of professions and the government, the profession sets its own rules, is self-financing and self-disciplining.

Protection of the public

Advantages of a Professional Order

- Guarantee professionalism in the exercise of the profession
