Dynamic Civil Society

The citizen control is one of the regulation levers to establish a transparent and efficient public procurement.

## **2. Citizen Control of Public Procurement: Contribution of the National Anti-Corruption Network (REN-LAC)**

### **Case of the rural Community of Pabré**

### 3. Systematization of Citizen Control

Two tracks for the Systematization of Citizen Control

1

**Definition of a road map for the citizen control of public procurement in concert with SCO**

2

**Use of IT to favor openness and accountability in public procurement**

## 4. E-GP

Burkina Faso launched on March 21, 2022 a tender for the acquisition of an e-GP solution comprising, inter alia, the following requirements:

- ❖ The e-GP system must be able to **adapt** to the changes brought in to the OCDS scheme and **the future OCDS versions during the whole lifetime of the e-GP system use**
- ❖ The Open Contracting Data Portal **must have open data structured on every contracting process from the procurement plan to contract management (in accordance with the latest OCDS versions)**
